Agility Class Descriptions

Regular Classes: These classes are open to all dogs, 18 months of age or older, as described within the current AAC rules.

Special Classes: These classes are open to all dogs but are intended for dogs that are of a size or stature that limits their jumping ability. Specials level handlers running a dog in specials will have the option to move into Regular classes once during the dog's career. Such a switch requires the handler to notify the AAC via the appropriate Regional Director (a form is available on the web site) but does not require justification or approval. Any switch from Specials to Regular cannot be made mid-trial. Other than the one time move stated, a dog may no longer compete in the Regular class level once entered at an official trial in the Specials class level.

Veterans Class: These classes are for dogs seven years of age or older that are currently competing in any Standard Agility Class and for dogs five years of age or older who have competed in the Specials Agility Class for a minimum of one calendar year.

Starters Standard Classes: These classes are open to all dogs that have not received three qualifying scores under two different judges in these classes or have not earned their ADC title.

Starters Games Classes: These classes are open to all dogs that have not received a qualifying score in that games class.

Starters Gamblers Class: This game demonstrates the handler's strategy and the dog's ability to work at a distance from the handler. The object of the game is to accumulate as many points as possible in the opening sequence and successfully complete the gamble.

Starters Snooker Class: This game demonstrates the handler and dog's versatility as they work together against the clock. The object of the game is to accumulate points by successfully completing as many obstacles as possible in the prescribed order within time.

Starters Team Relay Class: This game demonstrates team spirit, strategy and sportsmanship. The course shall follow course guidelines for these Starters Standard Class. Each dog/handler team shall run one section of the course.

Starters Jumpers Course: This game demonstrates a dog's natural jumping ability. The dog is required to complete a course comprised of jumps and tunnels as prescribed by the judge.

Steeplechase: This game demonstrates the dog's ability to run and jump at high speeds while maintaining control on the A-frame and weave poles. This class is open to all dogs eligible to compete in other AAC qualifying events at the Starters, Advanced or Masters levels.

*Please refer to **AAC Rulebook** for complete class rules and title requirements – available online at www.aac.ca*
